

EATON HOUSE BELGRAVIA
PRE-PREPARATORY SCHOOL

PREPARATION FOR LIFE

At Eaton House Belgravia Pre-Prep we pride ourselves on tailoring the teaching in our single sex boys' school specifically to the learning styles of boys. We create opportunities for boys to understand the context and practical application of their learning by providing dynamic, interactive teaching environments. We recognise that boys learn differently and encourage and support these unique strengths.

Along with excellent teaching and strong pastoral care, the boys are offered a stimulating school curriculum and encouraged to enjoy all the opportunities we offer. Situated between Battersea Park, Hyde Park and close to garden squares, we have a wealth of outside space available to us and this enables us to provide outstanding learning experiences both inside and outside the classroom.

Our boys throw themselves enthusiastically into school life and the many opportunities we have on offer. They are happy boys who feel supported and enjoy school and grow to be confident and resilient high achievers. Exceptional pastoral care and rigorous academics ensure the years spent at Eaton House Belgravia Pre-Prep are happy and inspiring, enabling every boy to reach his full potential.
